

2006+ DODGE CHARGER Computer Mount - Console

1 - ABS Cable Dock® Desktop

Rotates 360° with ergonomic platform tilt. Two (2) nylon coated stainless steel cables secure notebook computer to desk. "One Hand" operation for removing and securing computer. Six (6) foam pads lift the computer off of the desktop providing shock absorption and air flow under computer.

2 - Swing Arm

Rotates 360° around stand. Ratchet Handle secure swing arm in position.

3 - Ratchet Handles

Secures swing arm positioning and allows for 360° swing arm rotation.

4 - One Piece Mounting Base

3/16" gauge steel, one-piece base design increases overall sturdiness.

WHY THE CABLE-DOCK® DESKTOP?

The Cable-Dock is a patented, truly innovative and proven method for effectively securing a laptop computer for mobile professionals. We believe the Cable-Dock is the best way to secure a laptop because:

- ...we provide shock absorbing pads while others don't.
- ...we allow air to circulate underneath the laptops while others don't.
- ...we embrace and conform to the whole body of the laptop rather than just contain the edges and sides as others do. Why? All laptops are not equal in shape.
- ...we have built-in back-up for keeping the laptop secure in case cable latch release is accidentally opened while others don't.
- ...we mount all sizes of laptops while others can't.
- ...we are lightweight at 3.4 lbs with two adjustments for set-up while others weigh 9-10 lbs with 7-10 adjustments.
